3 PHASE TRAINING

NERC Reliability Compliance

Turn applicable NERC reliability obligations into clear processes, responsibilities, and evidence.

What is the course?

Follow the compliance lifecycle from applicability through implementation, monitoring, assessments, and issue response. Use utility examples spanning planning, operations, protection, and maintenance.

Who should attend?

Compliance managers, engineering and operations personnel, asset owners, internal auditors, regulatory staff, and subject-matter experts supporting registered entity obligations.

Eight hours of instructor-led training.

Why Choose Us?

Cost

Your organization pays one course fee with unlimited attendees at no extra cost.

Quality and Experience

Real projects and interactive discussion connect concepts to practical decisions.

Customization

Each course content is individually customized to your team and organization
