3 PHASE TRAINING

Renewable Energy Credit Markets

Follow renewable energy certificates from creation through transfer, retirement, and claims.

What is the course?

Compare compliance and voluntary markets, certificate eligibility, pricing, tracking, and procurement. Discuss how contracts, portfolio practices, and transaction controls support accurate reporting.

Who should attend?

Utility procurement and trading teams, renewable developers, sustainability professionals, regulatory analysts, account managers, and finance or legal staff supporting renewable electricity transactions.

Eight hours of instructor-led training.

Why Choose Us?

Cost

Your organization pays one course fee with unlimited attendees at no extra cost.

Quality and Experience

Real projects and interactive discussion connect concepts to practical decisions.

Customization

Each course content is individually customized to your team and organization
